Nancy Hessin: Physical educator for Jeffco Schools for 40 years. Began playing Pickleball singles and doubles in 2007. I love the physical, mental and social aspects of this game.

Pete Sullivan: Played tennis for teams that won 5 U.S.T.A. State championships and 2 regional championships. He discovered the joys of playing pickleball in 2010 and immediately embraced the game, winning the singles competition in his 1st tournament, 2011 Voyager in Tucson AZ. Pete makes the fundamentals fun for new players while promoting the benefits of applying technique and strategy for veteran pickleball players.
